### Snooker News

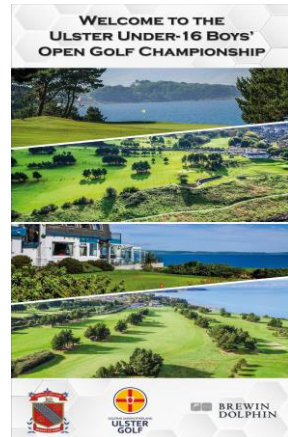

*As the snooker season approaches, we look forward to playing on the new tables. This is because of the excellent efforts of a small team of people in raising the money to recover tables and replace equipment. Many thanks to all and special mention to Graeme Montgomery and our Bar Manager Robert Vannucci. It is now up to the members using the snooker room to help keep the tables in good condition by following some simple rules:*

*When removing table covers, do not just drag them off – fold the cover in from the sides to the middle of the table and then fold the cover down the length of the table. This makes it easier to put them back on and helps to stop the cover being ripped.*

*Do not leave cues on the table – please put them back in the rack.*

*Don't leave balls sitting on the tables – put them in the table pockets or better still, in the tray provided.*

*It was a great effort to raise the funds to upgrade our facilities and it is now up to all of us to treat this with the respect it deserves. Many thanks from Jack McCauley.*

### Extraordinary General Meeting 1<sup>st</sup> July

*The proposal to introduce an annual bar levy for all playing and House Members of £100 per year, payable in July each year to run from July to the following June, was supported and carried by a large majority or members present. This can be added to your bar/membership card at either the bar or in the office in one lump sum or in a series of payments, provided it is added by the end of August.*
