### Greens Update

*The greens have fully recovered from the autumn maintenance and in future, this work may be carried out in late August or early September. The next couple of months is about keeping the greens disease free and healthy with some minor aeration i.e. slitting taking place. As we are hosting the Ulster Open U16 Championship in early April, Spring aeration will take place very early in 2020.*

*All the fairways and approaches have been opened up with the shockwave which will help relieve compaction and remove water away from the surface.*

*As you may have noticed, all the beds have been removed from the practice putting green. Some drainage has been installed and over the coming weeks, the putting surface will be reshaped and made 50% larger. Due to health & safety requirements, other developments are planned. The 9<sup>th</sup> tee box will be repositioned and a new fence erected as well as another fence behind the green. A temporary fence is required around the competition tee box at the 6<sup>th</sup> and the forward tee box repositioned.*

**George Jones & Clubsound in top form entertaining a full house at Christmas in Carnalea.**
